EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.
2. Authorization for this examiner's amendment was given in a telephone interview with David I Klein on April 2, 2008.

The application has been amended claim 14 as follows:

Claim:

Claim 14 (Currently amended): A spectacle frame as claimed in claims 5, 7, [[8, 9.]]10, 11 or 13, wherein the upper bracket has an upper skirt depending therefrom and the lower bracket has a lower skirt extending upwardly therefrom.

(NOTE: Claims 1-13 and 15-33 have the same status as presented in the amendment filed Jan. 28, 2008.)

REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance: The prior art fails to teach a combination of all the limitations as claimed in the independent claim 1, wherein the claimed invention comprising the clip being generally S- shaped and includes: (a) a lower arm operatively connected to (b) an intermediate arm; the intermediate arm being operatively connected to (c) a top arm; and (d) a lip extending rearward and inwardly from the top arm for providing control of movement of a temple of the spectacle frame, as claimed. Similarly, claims 15 and 21 including the above mentioned limitations. Therefore, the prior art also fails to teach a combination of all the limitations as claimed in claims 15 and 21. The prior art fails to teach a combination of all the limitations as claimed in the independent claim 3, wherein the claimed invention comprising one of the upper portion and the lower portion having a geometric projection for engagement in and disengagement from a corresponding sized and shaped geometric opening in the other of the upper portion and the lower portion, the engagement and disengagement being by lateral movement only; the clip serving to retain the geometric projection in the geometric opening, as claimed. The prior art does not disclose or fairly suggest, either alone or in combining with any other reference, to meet a combination of all the limitations as claimed in claims 1, 3, 15 and 21 either under 35 USC 102 or 103. Therefore claims 1-3, 5-22 and 25-30 could be allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
